

## SOFFIT, FACIA, RAIN GUTTERS, POST WRAPS & DRIP EDGE

Attractive, durable and designed with your easy-care lifestyle in mind, Alside aluminum soffit is virtually maintenance-free. An occasional rinse with a garden hose will remove most dust and dirt.

*\* Dark soffit in long runs for porches, covered patios, covered decks, and other areas has a tendency to show pronounced ripples. This is not a warranty item. In choosing a dark color you understand the potential for this issue.*

*\*\* Some colors may be temporarily unavailable.*
